

TIDEWATER® SAILCLOTH

The #1 Name in Sailcloth Tent Design

WHY TIDEWATER?

- Event rental proven since 2008
- The most translucent sailcloth fabric on the market
- Up to 30% lighter in weight than other vinyl tents
- Most diverse product offering in the industry
- Commands higher rental rates than traditional tents
- Marketing exposure and support

PRODUCT OVERVIEW

Inspired by the sea, the sculpted peaks and eaves of the Tidewater® Sailcloth Tent combine with a no-valance design to create an open airy event space like nothing you've ever experienced. The highly translucent sailcloth fabric allows natural light to enhance your next daytime event and positively glows when lit for evening gatherings.

The Tidewater® top is constructed of ProSail III™ proprietary sailcloth material and features catenary shaped perimeter reinforcements and striking sun

shaped eave and peak reinforcements that add to the unique feel of the tent. All leg spacing throughout remains 10' regardless of tent size.

The entire product line is available in both one piece and expandable versions and each is also available in a fully engineered design. Tidewater™ is a truly stunning product and has the ability to fulfill your client's desire for the ultimate romantic setting.

ENGINEERING

System engineered to ASCE 7-10 78 MPH-95 MPH (3 Second Gust) Exposure "C"
